

Resources

The links listed below provide access to websites that members of the PAACT staff have found useful in understanding certain aspects of Prostate Cancer and other Cancers. PAACT does not endorse the accuracy of the content of these sites. There are also many support organizations available to you locally. To locate them call your doctors office, local hospitals, or local cancer treatment centers or organizations. If you are unsuccessful in contacting local organizations, support groups, etc.; please call us for help at 616-453-1477.
